Township Populations

Population of San Mateo County's Third Township, which includes Redwood City, Menlo Park, Atherton and Woodside areas, is 29,816, according to 1940 census figures released Monday.

This township thus has the second largest population of the county's five.

Largest is Township 1 (Daly City, South San Francisco, San Bruno, Sharp Park), with 30,981.

Township 2 (San Mateo, Hillsborough, Belmont, San Carlos) has a population of 28,437; Township 4 (Coastside), 3937; Township 5 (Burlingame, Millbrae), 18,611.

The total population of the county is 111,782

Mrs. James A. Clark Is Taken by Death

Mrs. Catherine J. Clark, a resident of the North Fair Oaks district for the past 16 years, died suddenly Monday about 7 o'clock at her home at 131 Eighth Ave. Cause of her death was a heart attack. She was 66 years of age.

Mrs. Clark was the wife of James A. Clark and the grandmother of William, Robert and Catherine Condon.

R. C. Native Given Tribute

With scores of the friends he had made in his nearly 65 years' residence here in attendance, rites were held Monday afternoon at the Layng & Tinney Funeral Home for George W. Underhill, native-born Redwood City resident who passed away Friday night after a 17-day illness.

Mr. Underhill's friend, the Rev. E. J. Clark of Menlo Park, conducted the services, at the conclusion of which the flags at the county courthouse, where Mr. Underhill was employed, were raised again to the top of their masts.

Pallbearers were long-time friends of Mr. Underhill—A. S. Liguori, Ernest H. Werder, William H. Augustus, John Quinlin, John W. Pool and Maurice P. Sarsfield. Many county officials and employes were among those at the services. Mr. Underhill was superintendent of maintenance at the courthouse. Entombment was to follow in Cypress Lawn Memorial Park, Colma. Memorial services were conducted last night by Redwood Parlor 66, Native Sons of the Golden West.

Mr. Underhill leaves his wife, Leona; an uncle and four nieces, one of them, Mrs. Adelaide Caskey, being principal of Lincoln School here.

Sciots' Father-Son Banquet Due Friday

Two hundred fifty men and boys are expected this evening at Hoover Hall, Burlingame, when the Sciots hold their first annual Father and Son banquet, according to John E. Gardner of Redwood City, general chairman.

Speakers will include the Rev. T. H. Palmquist, district superintendent of the Methodist Church, and Maj. B. A. Palmer, public relations officer at Moffett Field, who will speak on "Aviation as It Pertains to Civilian and Army Corps Youth." Robert R. Gros will be chairman.

Sequoia Screens Saga of Sea

Ian Hunter, John Wayne, Thomas Mitchell, Wilfrid Lawson and Barry Fitzgerald are five of the fellow passengers on "The Long Voyage Home," the John Ford production based on Eugene O'Neill's famous plays of the sea. The picture, which abounds in thrill-packed action at the Fox Sequoia Theatre tonight and Saturday through United Artists release.

Opera Company Brings Fine Group of Artists

SAN FRANCISCO—. . . "The finest company in the long history of the San Carlo."

This is the concensus of critics as the famous San Carlo Opera Co. has swung across the country on its coast-to-coast tour, the 31st since it was organized in San Francisco more than three decades ago. Tom C. Girton, local manager, will present the company in a 17-performance season, opening at the War Memorial Opera House Monday night, Mar. 10.

Pitts Sanborn, distinguished critic of the New York Telegram said:

"In the case of the San Carlo, during the present Spring season I have heard singing that I should like to hear again, and that is saying enough to indicate quality."

Glenn Dillard Gunn, in the Washington Times Herald said:

"'Carmen' by the forces of the San Carlo Opera Co. last night at the National Theater was an event of unusual artistic importance and for the following reasons:

"The title role was interpreted by the most gifted and convincing singer who has specialized in the part since Mary Garden.

"Opposite played a tenor whose voice, musical taste and romatic impulse have not been surpassed since Muratore went back to Lina Cavalliere's Parisian beauty parlor."

For the 17-performance season here Girton and Fortune Gallo have chosen the things that local audiences like. Prices are still 75 cents to $1.75.

Stress on 'Second Cup' Expected To Boost Sales

When coffee is of fine quality and properly made, the drinking of the first cup is invariably followed by the desire for a second. More second cups will result in more sales for grocers who display and feature Hills Bros. Coffee, as the request for a second cup is featured in a convincing manner in the present advertising for Hills Bros. Coffee.

Attractive illustrations showing people enjoying coffee are tied in with dialogues regarding a second cup. To round out this scene of coffee enjoyment, the well known phrase concerning Hills Bros. Coffee—"Now That's What I Call Good Coffee" — is prominently displayed.

The advertising also features the directions for making good coffee which appear on the side of every can of Hills Bros. Coffee.

Over 400 newspapers between the Pacific Coast and Detroit will carry this advertising during February, March, April and May. A wide variety of store advertising material to tie-in with this campaign will be furnished grocers.

Two-Tone Interiors Featured in New Sedan

Popularity of the two-tone body finishes available in 1941 models of Dodge Luxury Liners has led the manufacturers to carry out the two-tone idea in the interiors of the company's most pretentious model — the Custom Town Sedan, reports West Bay Motors Inc., Dodge-Plymouth dealer here.

Intriguing effects are achieved by employing the two tones of the outside body finish also in the upholstering and trim of the Town Sedan interior, according to Proprietors W. M. Werder and Ferris W. Miles.

Thus, the blending of maroon and gray body shades is matched by an interior in which maroon seat cushions, arm rests, door panels and floor coverings make pleasing contrast to a rich-looking background of gray. Similar two-tone body and interior effects are achieved with combinations of "Seaplane" blue and gray.

For Town Sedan bodies finished entirely in black, two-tone interiors are provided in attractive blue-and-gray and gray-and-maroon combinations.

Highway Problems Occupy Coast Association at Meet

MOSS BEACH—Highway problems occupied the attention of some 50 members of the Western San Mateo County Progressive Association Monday when they met at Dan's Place here.

The group also heard a talk by K. C. May of the U. S. Department of Agriculture in which he explained the workings and benefits of the Food Stamp Plan now in effect in San Mateo County.

Pointing out that about 1500 families receiving public assistance were eligible to purchase the food stamps, with which they are given other stamps entitling them to secure surplus foods free to the amount of 50 per cent of their food costs, May declared that farmers and merchants on the Peninsula would benefit to the extent of an estimated $375,000 a year from the scheme.

Leading off the discussion of highway problems, Supervisor Alvin S. Hatch of Half Moon Bay urged all Coastside organizations to support work of the joint highway district handling affairs of the Ocean Shore Hwy. so that the state would appropriate the remainder of the funds needed for the San Gregorio-Lobitas sector. He said the state so far had put up only $159,000—half what it was supposed to do.

It was decided that the association itself would (1) urge the county supervisors and the engineer to improve county roads on the Coastside so that the subdivisions would be more alluring to newcomers, and (2) ask other Coastside organizations to take similar action.

Letters of thanks were directed sent to the State Highway Commission for installing road signs on Skyline Blvd. pointing to various coast communities and to the supervisors for ordering installation of electric lights on the skyline at Hillside Dr., Half Moon Bay Rd. and Sharp Park Rd. intersections.

The next meeting will be held Mar. 10 at El Granada headquarters of the association, when election of officers will be held. Harry Clark, president, presided last night.

Jury Exonerates Railway in Crash Deaths

Returning verdicts of "accidental death" in two cases where people were killed in railroad crossings earlier this month, a coroner's jury sitting at the Franklin & Crowe Mortuary in Redwood City Wednesday exonerated the Southern Pacific Railroad of blame.

The first verdict was returned in the death of Roy Beck, Redwood City youth who was killed when his car was hit by a train at a crossing in Redwood City on Feb. 10. The other verdict was returned on the deaths of Karl Unterien, 32, San Bruno, Mrs. Lois Miller, and Mrs. S. E. Bennett, both of San Francisco, who died of injuries received when the car in which they were riding was struck by a train at Belmont on Feb. 12.

Verdicts of "accidental deaths" were returned on the investigations into the deaths of Pedro Dolci, Menlo Park, victim of a hit-run driver, and John C. Wuthrich, 70, Redwood City, who was hit by a car.

Hendrickson Estate Valued at $29,000

Emil Hendrickson, part owner of the West Bay Lumber Co. of Redwood City, who died last Oct. 15, left an estate valued at $29,736.76, according to an appraisal filed today in superior court by Inheritance Tax Appraiser Bradford M. Melvin. Largest part of the estate was a one-half interest in the lumber company, which was appraised at $21,000. Mr. Hendrickson bequeathed the entire estate to his widow, Mrs. Astrid Hendrickson, who also was named executrix.

Area of the Philippine Islands is 114,400 square miles.

Retired Oil Magnate Dies

HILLSBOROUGH — Oil and shipping circles mourned the passing of Capt. John Barneson Wednesday while private funeral services were held at the family home, 1625 Floribunda Ave., Hillsborough, for the former president of General Petroleum Co. who died late Tuesday at his home.

Captain Barneson, who had been in ill health, retired 13 years ago as president of the oil concern. Prior to that time he had been one of California's most dynamic figures in the oil and shipping industries.

Born in Wick, Scotland, in 1862 to a family which for generations had followed the sea, Mr. Barneson secured his master's papers when he was 21, and was put in command of one of his father's ships on the American-Orient run.

HAD OWN BUSINESS

In 1890 he left the bridge and established his own shipping business on the Pacific Coast. He returned to the sea during the Spanish-American War as captain of the transport Arizona, carrying troops across the Pacific.

During the Philippine Insurrection he was made head of the entire transport service. It was during this period that he became interested in oil.

Captain Barneson, believing that the day when all ships would be propelled by oil was near at hand, persuaded Captain Matson to try the new fuel on the Enterprise, then plying between San Francisco and Honolulu.

The experiment was a notable success, and within 20 years Barneson saw his idea of oil driven ships accepted throughout the shipping world.

TURNED TO PRODUCTION

From advocating the use of oil, dynamic Captain Barneson turned to the problems of production.

Captain Barneson built the first oil pipe line in California, between Coalinga and Monterey. Against the advice of many "experts," he followed this with the construction of another line from the valley fields southward over the Tejon pass.

He then began operations in the Los Angeles area, with the formation of the Grand Pipe Line Company. He became associated with the Esperanza Consolidated Oil Company, and in 1912 was the leading spirit in the expansion of this company into the General Petroleum Co.

In 1926 he was elected a vice president of Standard Oil Co. of New York.

Despite his business interests on land, Captain Barneson found time to become one of the nation's outstanding yachtsmen. Commodore of the old San Francisco Yacht Club, he was responsible for the yacht races that were one of the features of the 1915 Panama Pacific Exposition.

In 1913 he went to London to arrange for British participation in the exposition regatta. When he returned to New York he purchased an 85-foot schooner, the Edris, which he sailed around the horn to San Francisco.

Captain Barneson is survived by a sister, Mrs. A. G. Ransom of Victoria, B. C., three sons and a daughter: Lionel T. Barneson of Hillsborough, J. Leslie and Harold J. Barneson of Los Angeles and Muriel E. Barneson of San Francisco.

His wife, Harriet Emily Barneson, died in 1936.

Fleishhacker Home At Atherton Is Sold

Possibility that a portion of the Herbert Fleishhacker estate at Atherton would be subdivided was seen today in the recording of a deed by which the old Fleishhacker home was sold to an undisclosed buyer.

The property, containing approximately 8.5 acres, fronts on El Camino Real and Fair Oaks Lane. Several months ago the furnishings of the home were sold at auction.

The deed filed in the county recorder's office at request of California Pacific Title & Trust Co. transferred title from May Belle Fleishhacker to Title Insurance & Guaranty Co. Officials of the firm declined to reveal the buyer's name, but said the sale was in the form of a trade. Stamps attached to the deed indicated a price of $35,000.

It has been previously reported unofficially that the property would be subdivided. The original site contained some 16 acres.

SEEING DOUBLE

COPENHAGEN, Neb. (AP)—Farmer Donald Frost went to look at his ailing bossie. She had twin calves, something of a farm rarity. Then Frost looked at another cow. Ditto.

Canada is the world's largest producer of platinum.

Major Wirth Called Back To Army Duty

Second retired army officer to be called back into active service from Redwood City, Maj. Thomas F. Wirth of 2 Francis Ln. has been notified that he is being sent to Hawaii to take charge of the engineering depot there.

Mrs. Wirth and the couple's four children will remain in Redwood City. The children are Marguerite and Bob, students at Sequoia High School; Marian, student at Lux school in San Francisco, and Gerry, employe of the California Pacific Title and Trust Co.

Major Wirth before his earned retirement spent 12 years in the Philippine Islands. He and Mrs. Wirth have been married 24 years.

Another Redwood City army major, City Councilman H. W. Edmonds, is now with the army at Ft. Moultrie, S. C.

C. H. Merrill's Term On Fire Board Expires

MENLO PARK — The Menlo Park Fire District will hold an election Apr. 8 to fill the vacancy among the commissioners which will be created by expiration of the term of Chairman Charles H. Merrill, it was announced today by Miss Meta Kugeler, secretary to the commissioners. Candidates for the position must file their intention of candidacy by Mar. 8. The other commissioners are C. R. Weltner and Edward H. McNear.

AUTO PLATES STOLEN

ATHERTON—The theft of 1941 automobile license plates from a car parked at the railroad station in Atherton was reported Tuesday afternoon to Police Chief J. E. Farrell. The plates were stolen from the car of Edgar Stetman, 307 15th Ave., North Fair Oaks. Number of the plates is 70-G-926, the chief said.

Campbell-Ewald Company Fetes 30th Birthday

DETROIT, MICH—Thirty years of "advertising well directed" are being celebrated by the Campbell-Ewald Co. during February, for it was in this month in 1911 that the company was incorporated at Lansing, Mich.

This anniversary makes this advertising agency the oldest in Detroit, and one of the few agencies in the country to have retained its corporate identity and its directing head for so long a period.

During each of these years the company has had an average yearly billing of more than $10,000,000, despite the fact that it did not reach an annual billing of a million dollars until many years after it was organized.

A large percentage of this money has been spent each year in newspapers, for Mr. H. T. Ewald, the president of the company, is a firm believer in this medium of advertising.

"Today, the newspaper, one of the oldest mediums of advertising, continues as a truly great and powerful force to sell goods," he states, "and will continue to be a spearhead of most advertising effort as long as it remains a free press."

Edward Gould, Native Of Redwood City, Dies

After an illness of several weeks' duration, Edward Seymour Gould, 70, a native of Redwood City, died Monday at Mills Memorial Hospital in San Mateo.

Mr. Gould, a retired carpenter, resided at 502 Middlefield Rd. He was born here March 13, 1870.

Besides his wife, Elizabeth, Mr. Gould is survived by two brothers, Charles Gould of Redwood City and Emmett Gould of Hollister.

The baked guineu pig is the greatest of delicacies in Ecuador's Andean area.

Dance Slated Saturday Evening in Menlo Park

MENLO PARK—A dance will be held by Menlo Park Squadron 443, Sons of the American Legion, and Menlo Park Boy Scouts on Saturday evening, beginning at 8 o'clock, in the auditorium of the Central School on El Camino Real. The public is invited. The admission charge will be 15 cents.

IRISH TO MEET SUNDAY

SAN FRANCISCO — Members of United Irish Societies and their friends will meet at 1:30 p.m. Sunday in Golden Gate Park, San Francisco, for their annual observance and exercises at the monument to Robert Emmet, Irish poet. Sheriff Daniel C. Murphy will speak.

Henry Hudson first came upon the present site of Albany while seeking a route to China.

SANDWICH FILLING

The youngsters will relish this filling for their graham bread sandwiches: Mix equal portions of chopped currants, carrots and salted peanuts. Moisten with orange juice.

MENLO PARK NEWS NOTES

MENLO PARK—Robert Walker, an old time conductor on the Coast division of the Southern Pacific Co. but retired for several years, is spending this weekend in Menlo Park. Commuters will recall the genial conductor who for 30 years punched their tickets every day. Mr. Walker was popular with the traveling public.

★ ★ ★

The rainfall for the season up to last Wednesday was 17.44 inches, as compared to 13.30 inches at this time last year. Oldtimers say this is the wettest Winter in 30 years.

★ ★ ★

Professor Gray, a former principal of the Menlo Park Grammar School, passed away in Portland a few days ago. His death was followed by that of his wife a short time afterwards. Mr. Gray succeeded the late H. C. Hall and held the position for five years, then going to Alameda for a short period. Later he went to Portland where he established and developed one of the largest nurseries in the West and became wealthy. Many of Mr. Gray's former pupils still reside in Menlo Park and are saddened by the news of his passing.

★ ★ ★

The Menlo Park Fire District will hold an election Apr. 8 to fill the vacancy among the commissioners which will be created by expiration of the term of Chairman Charles Merrill. Candidates must file their intention of candidacy by Mar. 8. If Mr. Merrill seeks re-election, he probably will be unopposed. He has made an able and efficient official.

★ ★ ★

Mr. and Mrs. Charles Clark were weekend visitors of Edward O'Keefe. Mr. Clark is owner of the Willow Creek Gun Club, which consists of 20,000 acres of lowland frequented by vast flocks of ducks during the Winter season. The club is accounted the best hunting grounds in the state. Mr. O'Keefe spends the duck season there.

E. S. Clute, a former resident of Menlo Park, visited friends here during the week. Mr. Clute recently retired on a pension from the San Francisco Fire Department after a continuous service of 34 years. Prior to that he was the local station agent for 12 years, succeeding J. J. Bullock of Redwood City. Miss Cora Clute, connected with the Redwood City School Department for a number of years, is his sister.

★ ★ ★

Now that the Lenten season has begun, there will be no marriages for 40 days. Several engagements are reported due to be announced right after Easter.

★ ★ ★

All oldtimers cannot remember when there were so many wild pigeons in the locality as there are this Winter. Hunters regret that the birds cannot be shot, but it's the law and it must be obeyed.

TRAFFIC RULES PUBLISHED

Copies of summaries of the California State Vehicle Code are available at the Redwood City Chamber of Commerce office, according to Secty. Roscoe D. Wyatt. The code summary specifically and plainly sets forth the traffic laws, and is of value to all drivers—but particularly those whose 1929 licenses are due to be revoked within a few weeks.

Weather Bureau Merger Due May 1

United States Weather Bureau forecasting station of Oakland and San Francisco will be consolidated at San Francisco Airport in San Mateo County May 1, it was announced here by Maj. E. H. Bowie, head of the San Francisco bureau.

The office at Mills Field will issue forecasts for all of Northern and Central California, he said.

By eliminating the duplication of two Bay Area stations, forecasts will be handled on a 24-hour daily basis for the benefit of farmers, ships at sea and trans-Pacific clippers. At present the two stations are open only during the daytime hours.

Consolidation of the offices will mean an increase in the staff at San Francisco Airport to 24 men, including seven full time forecasters. It will mean also that San Francisco will remain the chief chronological office of the U. S. Weather Bureau in California.

Printing and publishing is one of the largest U. S. industries. According to the census, the total value of its annual production exceeds $2,170,000,000.

District Attorney Urges Care in Condemning People as Subversive

Odd Fellows-Rebekahs

Need for Port Additions Also Told at Lodge Session

A plea to remain sane even though world conditions are jittery enough to drive anyone crazy was voiced before more than a hundred members and guests of the Odd Fellows and Rebekah lodges Wednesday by Dist. Atty. Gilbert D. Ferrell.

His address followed a presentation of the facts about the forthcoming $150,000 port bond issue on the Mar. 25 election ballot by Port Manager Leslie M. Rudy, who also spoke before the Kiwanis and Lions Clubs yesterday.

Ferrell in his talk cited instances where irreparable damage could be done by careless and false talk about a person's possible connection with subversive groups and where a person if inclined to think too seriously of present conditions might become irrational.

He warned against permitting racial or religious prejudices to influence one's thinking, and urged his listeners to let the proper authorities make any investigations of suspicious actions on any one's part, particularly on the part of anyone of foreign extraction who might actually be a good American citizen.

'UNTOLD HARM' POSSIBLE

"One good American is as good as another good American—no matter where he comes from," the district attorney declared. "If we let class hatred or religious prejudice creep into our thinking, we may do untold harm to a good American man or woman."

Port Manager Rudy pointed to the need for more facilities at the municipal harbor, which would be provided if the bond issue receives a two-thirds majority at the election.

Citing the growth of the port each year until during the first six months of the current fiscal year it has handled 75,000 tons of freight compared to 79,000 during the 12 months of last year, Rudy said that the facilities which would be provided by the bond issue are needed solely to take care of business which is seen for the next year or two.

(Camera Art Studio Photo)
LESLIE M. RUDY
Tells of Port Needs

"What we do in the future depends on the facilities we have to work with," Rudy declared.

AFFECTS INDUSTRIAL GAIN

He stressed the fact that the Port of Redwood City is directly related to the industrial growth of the community and declared that "there is no greater attraction to industry than a terminal port" such as is located here.

"Our facilities are now inadequate," he stated and explained briefly that the bond issue would permit building new facilities including doubling the length of the wharf, which is now 450 feet long—only 27 feet longer than the Waimea, cement freighter which regularly visits here, so that two such boats cannot be handled at the same time at present.

There have been three occasions in the past year and a half when three ships have been ready to unload at once at the port, Rudy said, explaining that steamship firms will not continue to send business here if their boats must be delayed in loading or in unloading.

One firm was out approximately $1000 by a day's delay because it could use only two gears (derricks) instead of four in taking on cement, due to the fact only part of the vessel could be adjacent to the wharf.

'GOT IN TROUBLE'

"It took us quite awhile to convince this particular firm it should send its ship here," Rudy declared. "Then when they did send it, they got into trouble. They aren't likely to send business here again unless they can be assured there will be facilities to handle their vessel."

He urged support of the bond issue so that the port, and Redwood City, could continue to progress.

Chairman at the Odd Fellows-Rebekah meet was Waldo Stone, noble grand. J. Gene Barrett was chairman of arrangements.

Walter Ray Appointed To Courthouse Post

Walter Ray, long-time courthouse employe, has been named courthouse maintenance superintendent to succeed George Underhill, who died last week, it was announced today by County Executive Frederick Peterson.

The number of retail stores in the U. S. has increased by 294,539 in the last ten years, according to the census.

Home, Barn Periled By Fifth Avenue Fire

The home of George Pearson and a barn on Fifth Ave. near Garfield School were threatened Monday by a fire which got out of control in a nearby junk yard, according to firemen of the Menlo Park District.

Some old cars were being burned in the junk yard, firemen said, and the fire required a call to the department to bring it under control. There was no damage.

Northend Court Status Changed To Class A

San Mateo County's system of justice courts was revised today under an order issued by Superior Judges Maxwell McNutt and A. R. Cotton which advances Judge Wade H. Clay's first township court to Class A jurisdiction.

The change means that the north county court will have jurisdiction over civil cases up to $1000 and "high" misdemeanors involving penalties up to a year in the county jail. At present all the justice courts in the county have jurisdiction only over civil cases up to $300 and criminal cases which have penalties ranging up to six months in jail.

Notification of the change was made in a letter from the superior judges to County Clerk W. H. Augustus, instructing the clerk to accept no more filings of cases in the higher classification. The move relieves the superior courts of handling the Class A justice court cases.

Judge McNutt explained that the move followed recent announcement of the United States Census Bureau which revealed that the population of the first township had risen to more than 30,000 persons. Possibility was seen that similar action may be taken for other justice courts in the county—particularly in the third township presided over by Judge E. I. McAuliffe, which has a population of less than 200 under 30,000.

Dist. Atty. Gilbert D. Ferrell said that Judge Clay's court would not change its status for a few days because there were a few details yet to be worked out concerning the court's revised status.

Only two of Canada's nine provinces are without a water outlet to the ocean.

The average dollar value of U. S. farms, as shown by the 1940 census, was $5,518.

'Tower' License Suspended for 5 days

A five-day liquor license suspension at The Tower, Brisbane tavern, was ordered yesterday by the State Board of Equalization at Sacramento as the result of a recent hearing. The tavern, owned by William A. Jonas, Brisbane real estate man, was accused of serving liquor after 2 a.m. The charges were the outcome of an investigation which followed the death of Mary Tisma, 16, who was killed in an automobile accident after drinking with two male companions in the place until 4 a.m.

Although land in farms was greater than ever before, the 1940 census reported a 3.1 per cent decline in the number of farms since 1930. The new total is 6,096,789, compared with 6,812,350 in 1935 and 6,288,648 in 1930.

Several Hurt In Mishaps

Death of a retired army man in San Mateo Saturday night after he had been struck by an automobile on Bayshore Hwy. at Ninth Ave. brought San Mateo County's total traffic fatalities for 1941 to 21, an average of one death for each two and a half days.

The victim was **Christopher F. Seib,** 65, of San Francisco, former sergeant in the U. S. Quartermaster Corps, according to an army identification tag which was found in his pocket. He was instantly killed, according to Chief Dep. Coroner Daniel O'Connell.

Mr. Seib was struck by the car of Charles Leahy, 311 Baldwin Ave., San Mateo, who told police that the man loomed in front of him, apparently failing to see the oncoming car as he tried to cross the highway. Leahy was not held.

Despite rainswept highways yesterday, however, the county was comparatively free of traffic accidents.

Clarence B. Ellis, 22, Loma Mar, suffered a badly fractured left arm Sunday evening when his machine skidded on the wet pavement of Woodside Rd. a mile north of the La Honda Rd. intersection and crashed into a pole. Ellis' arm, which he had had on the door, was caught between the machine and the pole. He was taken to Palo Alto Hospital after he had driven by himself to a doctor.

Murry Wyatt, 45, of South San Francisco, employe of the Western Pipe and Steel Co., incurred head injuries Sunday when struck, according to police, by the car of Rico Spinelli, 26, South San Francisco volunteer fireman. Spinelli was not held.

Four women were injured shortly after 9 p.m. on Sunday in a rear-end collision on Bayshore Hwy. at San Bruno Rd. when an automobile driven by Anon George, 35, Gilroy, hit the vehicle of Charles Smith, 27, San Francisco Bible school teacher, who had stopped his car.

Dorothy Degerman, 19, of Escalon, and **Ella Brown,** 21, San Francisco, were treated at South San Francisco Hospital for back injuries, while **Maverine Baker,** 21, San Francisco, and **Levita Gonzales,** 45, Gilroy, were treated for minor injuries.

John B. Robertson, 36, of San Francisco, was transferred from South San Francisco Hospital to the county jail after his automobile struck the traffic "island" on Bayshore at the north county line at 12:15 a.m. Robertson was booked at the jail on a drunk charge. He suffered minor injuries in the accident.

Ernest C. Ticknor, 42, San Francisco truck driver, was arrested by the highway patrol and charged with drunk driving Saturday night after his car hit a bridge on the coast road south of Sharp Park.

Also arrested on a drunk driving charge was A. W. Bergman, 53, of Winnemucca, Nev., who was booked at the county jail Saturday night after his arrest on the coast road near Half Moon Bay.

Building of Hacienda Favored by Club

SAN CARLOS—The proposal to build a hacienda here was indorsed Tuesday by the Community Club at its regular meeting, at which plans were made also for the second Town Forum Friday night at 8:15 o'clock at the city hall, when Max L. Gelber and Fred A. Schmitz of the Redwood City Toastmasters Club will lead a discussion on "The Situation in the Far East."

Atherton To Try Out County Health Service

ATHERTON — The Atherton City Council Tuesday voted to adopt for a trial period of one year the services of the San Mateo Health Dept.

(In Menlo Park, the council by not taking any action on a similar proposal turned down the services. See page 4.)

Acting health officer for the city, who now will be relieved of his extra duties, has been Police Chief J. E. Farrell.

Other business taken up by the council included:

Hearing of first reading of an ordinance regulating signs and billboards. A quarterly fee of $1 a sign is provided.

Adoption of resolution approving the final report of the planning commission concerning the proposed zoning amendment which involves setbacks of corner lots, and hearing of first reading of an enabling ordinance of the amendment.

Authorization of purchase of a small truck and equipment for utility work and maintenance.

Organizations participating in New Orleans' Mardi Gras usually spend $20,000 to $35,000 for a parade and ball.

'Tobaccoland' Book Is Being Reissued

So many requests have been received for the free book, "Tobaccoland, U.S.A.," offered by Chesterfield Cigarettes in a recent national newspaper advertisement, that another million copies for immediate distribution are being rushed through publication.

Individuals and groups will receive copies on request to Liggett & Myers Tobacco Co., 630 Fifth Ave., New York, N. Y.

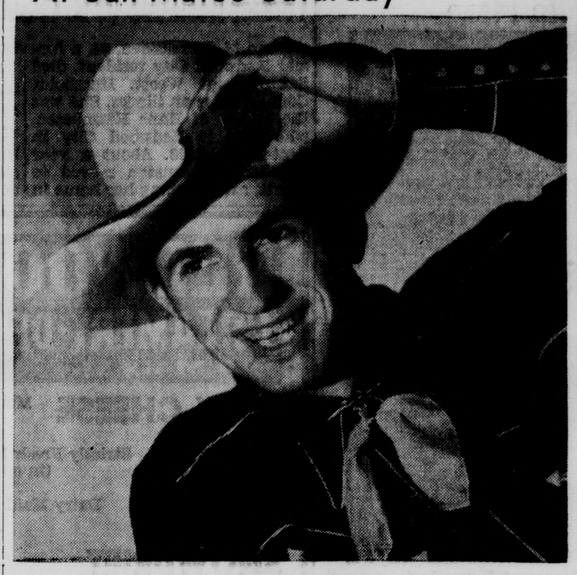
"Tobaccoland, U.S.A." is the name given to the group of states in which America's fine cigarette tobaccos are grown. While tobacco is grown in 22 states of the Union, the primary cigarette tobacco states are Maryland, Virginia, North Carolina, South Carolina, Georgia, Florida, Tennessee, Kentucky, Ohio and Missouri.

Scores of colleges have written to praise the completeness of this story of America's great tobacco industry, which in 42 pages with over 100 large photographic illustrations describes tobacco farming and cigarette manufacture.

Of interest is the long preparation of tobaccos for Chesterfield, a process lasting from two to three years. Careful steps of planting, growing, harvesting, curing, aging, conditioning for correct moisture content, and blending of the various domestic tobaccos with imported Turkish leaf are the groundwork. Then comes modern fool-proof manufacture, making possible production of millions of packages of cigarettes per day.

Many celebrities are again included in the new Chesterfield advertising campaign, scheduled nationally in newspapers during February and March.

At San Mateo Saturday



"Dude" Martin, who is bringing his famous group of radio stars to the San Mateo Junior College gymnasium Saturday night, Mar. 1, under the sponsorship of the San Mateo County Horsemen's Association. "Dude" and His Roundup Gang will entertain and play dance music for a wild west Cowboy Show and Dance. The western atmosphere will be carried out not only in the decorations but also the Horsemen's Association is asking all attending to wear cowboy attire if possible.

Near Life Term Looms For Burlingame Burglar

BURLINGAME—He robbed the mayor and other people and as a result will spend the greater part of his life behind prison bars.

Aged 29 and with a record of having served a term in a Colorado penitentiary for highway robbery, with firearms; a term in Montana for burglary and a term in reform school as a youth, William Rogers has started back to the penitentiary.

He was held to answer to the superior court by Municipal Judge Allen J. Ward, the holding to the upper court being a formality, as Rogers has confessed to the burglary of Mayor Edward R. McDonald's drugstore on the night of Feb. 9, and to nearly a dozen other burglaries in the Boy Area. Rogers helped Burlingame police recover stolen property. He said that he will plead guilty when he appears in Superior court. As he has 20 years to serve for violation of parole, plus other charges, the greater part of the remainder of his life will probably be spent in confinement.

SEEK YACHT HARBOR WORK

BURLINGAME — Twenty-five copies of a petition asking the supervisors to start work immediately on construction of a yacht harbor at Coyote Point are being circulated in the business district of Burlingame and many persons are signing them.

HAPPY KITCHEN

. . . don't miss it!

REDWOOD CITY TRIBUNE

FREE Cooking School

Tuesday, Wednesday, Thursday - Mar. 4th, 5th, 6th
McKinley School Auditorium, 2:00 P.M.

Less work—more fun

ONE of the red-letter events of the year for women is almost here. A cooking school it is, to be sure, but what a cooking school! This year's cooking is done in a kitchen much different from that of grandmother's day. There are hours and hours less time needed in cooking—there's less work and more fun. Today's kitchen is a real "Happy Kitchen,"—or ought to be. If your three-meals-a-day seem just a succession of toast and eggs and potatoes and roast beef and pie, our cooking school is made to order for you! And if you've already found the secret to pleasure and fascination in mixing dainty new dishes and dressing up the old stand-bys in colorful new fashions—you'll love the cooking school just as much.

There will be romance—mapping of uncharted seas of the kitchen—at the cooking school. Each session will glow with new ideas, appetite thrillers, the simple secrets that make cooking happier and easier. We invite you to hear dozens of practical suggestions that make kitchen hours more fun and more joy—to see demonstrated before your very eyes those inspired touches that raise the meal and its preparation to the realm of a happy adventure.

Remember—everything shown in our cooking school has been tried and tested by a whole staff of "Happy Kitchen" experts. Months of planning have gone before. There are three afternoons of enjoyment in store for you . . . come as our guest!

The Cooking School will be under the personal supervision of
CAROLYN CARR
noted "Happy Kitchen" expert

R. C. Must Furnish 15 Selectees

San Mateo County's five draft boards will be required to furnish 116 men for the fourth selective call to a year's military service between Mar. 17 and Mar. 31, it was announced Tuesday at state headquarters in Sacramento.

Redwood City's board—which covers San Carlos and Belmont—must provide 15 men, compared to the 37 who will be taken Mar. 13 in the third call.

Largest county quota in the fourth induction period will be taken from San Mateo, which must furnish 39 men, while Daly City and South San Francisco will have a quota of 32. The Burlingame draft board's quota is only 7, and at Menlo Park 23 men must be sent into service.

Associated Press reported that the statewide call will take 7030 registrants from the 284 draft boards of California. The call is the second largest of the four, exceeded only by the third call early this month when boards were asked to furnish 12,011 men.

Induction of the new conscriptees will raise the total of men to 26,399 or more than half the 38,015 set as the state's quota up to June 30 this year.

Selective service headquarters announced that for the first time quotas are based on the ability of individual draft boards to produce 1-A men—men subject to immediate call.

This accounts, the office said, for the wide variation in quotas, ranging from none at all for some boards to more than 100 for others.

Rabies Quarantine Extended 90 Days

The rabies quarantine in San Mateo County has been extended for another 90 days, it was announced here by Dr. C. C. Gans, county director of health and welfare. The new order was in effect Monday and the quarantine shall continue to May 24.

The quarantine requires confinement of all dogs and cats on private premises except that persons over 15 years of age may take their pets out if they are placed on a leash. No dog or cat may be taken out of or brought into the county during the quarantine period.

Recreation Commission Urges 'Yes' Vote on $25,000 Bonds

City Board

Working Model Meets Approval

Redwood City Recreation Commission Tuesday indorsed the $25,000 bond issue for development of existing recreation areas, to be Proposition 3 on the special bond election ballot Mar. 25.

The commission also approved as a tentative working model a model of the city recreation center to be laid out on the O'Dea property at the end of lower Broadway, being acquired by the city for a recreation area.

The model (see at left) constructed by LeRoy Jordan of Redwood City, will be displayed at the Sequoia Theater to enable Redwood City-zens to visualize the plans for the recreation area.

Jordan constructed the model in faithful detail, following the recreation commission's plans for the area's development. The model shows all facilities as they are now planned by the commission, including the play area, swimming pool and wading pool, baseball field, parking lot, and even the landscaping details of shrubs and trees. Jordan is experienced in recreation development, having worked with the San Francisco recreation department several years. Ole S. Oleson displayed the model.

After inspecting the model, the recreation commission members accepted it as the "tentative set-up" for the recreation area. The next step will be the procuring of funds for creating the actual area as represented by the scale model.

A committee was named by the commission to write up a summaried argument in favor of Proposition 3, telling the needs for the development of recreation facilities. The summary will be inclosed with the sample ballots. Named on the committee were Helen Ada Smith, James P. Hagan, Alfred Morton and Kenneth L. Bowen.

The commission voted to spend $200 for the purchase of sand for Redwood City Yacht Harbor's "beach." This expenditure was recommended by the Recreation Fund Committee.

City Manager C. L. Dimmitt said the city would probably help with the purchase of the sand and the construction of the "beach," possibly matching the recreation commission's fund (which must have council approval). Dimmitt said it was not planned to make a beach at the harbor, since this was not practical, but the sand will be "boxed in" to form an adequate lounging and recreation area for bathers and "sunners." The sand area will be ready before Summer, he said.

Along with the sand purchase, the commission voted to spend $150 for the purchase of playground equipment for the yacht harbor.

(Murray Studio Photo)

Visualizing an extension of Broadway into a parking area in the recreation center site, LeRoy Jordan, secretary of the Redwood City Hobby Club, has constructed this suggested model of the recreation center site in the O'Dea Tract, now being purchased by the City of Redwood City. The model, which won approval of the recreation commission as a tentative setup for the center, will be displayed in the Sequoia Theater lobby. Funds for much of the development will be made available if the $25,000 bond issue (Proposition 3) is approved Mar. 25, although such a major project as the swimming pool would have to be financed later. Shown in the model are basketball, volleyball and archery courts (lower left); softball field (lower left center); tennis courts (lower center) with handball courts just above; parking area (upper left); baseball or other special events field with grandstand and including a dirt track (upper center); swimming pool (upper right center); horseshoe courts (upper right corner) with restrooms, lawn area, concession stand, small children's playground, wading and sand boxes and planted areas in the upper right quarter.

Three Local Students Win Degrees at U. C.

Degrees and certificates for which the final work was done during the Fall semester on the Berkeley campus of the University of California, have been awarded by the Regents, it was announced today by President Sproul.

Students from Redwood City who won recognition of their work are as follows:

Dorothy Jane Potts, certificate of graduation, five-year curriculum in nursing education, School of Nursing; Yutaro Hashimoto, mechanical engineering, degree of bachelor of science, College of Engineering; Bartholomew Coughlin Thibadeau, general curriculum, degree of bachelor of arts, College of Letters and Science.

Retail sales in the U. S. amount to nearly $320 per capita, according to the census.

The people of Switzerland have contributed nearly $1,000,000 toward the reconstruction of Finland.

City Employes Discuss Classification Plan

Redwood City city employes met in the council chambers of the city hall Mondy with the board of review to discuss the personnel classification plan, to be adopted in connection with the personnel merit system.

Members of the board of review met separately with representatives of each department to discuss the classification plan in detail as it affects the departmental employes. Minor changes decided on in the round-table discussions will be made in the plan before it is submitted to the city council for formal approval. Operation of the personnel system being inaugurated in the city will be based upon the plan for classifying all city employes.

Toastmasters Plan For Convention Next July

Members of the Redwood City Toastmasters Club Monday night voted to send a delegation to the international convention of the club to be held in July at Santa Cruz. Two delegates will be named by the local club.

Philip S. Maslin was chairman of the meeting. Speakers and their subjects were: Fred A. Schmitz, "Shreds and Tatters," views on the war in North Africa; Chester C. Armstrong, "Advantages of Public Accounting"; W. Earl Whitaker, "Americans in a Hurry"; Martin W. Levy, "The House of Heinz," concerning the 57 varieties, and Louis B. Dematteis, "Science Aids Again," concerning drinking and driving.

Guests were Rafael Canete, Dr. Paul R. Leigh and J. L. Moore.

S. M. License Case Goes To High Court

A test case involving the constitutionality of San Mateo's city license fees for professional men today had been transferred from San Mateo Justice Court to superior court after the defendant, Hugh F. Mullin Jr., attorney and justice of the peace, charged in a demurrer that the ordinance was "unconstitutional and discriminatory."

City Atty. Ernest A. Wilson, representing the city, said the demurrer probably would be argued before Superior Judge Maxwell McNutt next Monday.

The complaint charges that Mullin owes the city $60 for license fees since June, 1936, plus a $15 penalty.

Wilson said today that "a number of attorneys, doctors and dentists subject to the annual fee have not paid their licenses," and that the case against Mullin was to test the validity of the ordinance.

The city's license ordinance provides that an annual fee of $15 shall be paid, except that where there is more than one individual in the office, and in such cases the others pay only $5.

"It appears on the face of the complaint," Mullin's demurrer stated, "that the license tax required to be paid is unequal in amount, is not uniform and is discriminatory, and that provisions of the ordinance are in conflict with the constitution of the United States."

Mullin's answer to the complaint asserted that the license ordinance is not valid and that justice court has no jurisdiction over it.

Mullin is represented by Atty. F. E. Hoffmann of San Mateo and Atty. J. W. Coleberd of South San Francisco.

Drunk Driver Admits Guilt, Asks Probation

Rune J. Lindwall, 30, Burlingame realty salesman, Monday pleaded guilty to a charge of drunk driving after a felony hit-run driving count was dismissed on motion of Dep. Dist. Atty. Burress Karmel.

Lindwall was jailed Jan. 6 after a traffic accident in which Donald Richmond, 29, of San Mateo, was seriously injured when he was struck down by an automobile on El Camino Real near Broadway, San Mateo.

After pleading guilty to the drunk driving charge, Lindwall asked for probation and Superior Judge Maxwell McNutt continued the time for sentence until Mar. 10.

The mechanical flame thrower originated with the United States Army in 1918.
